TO WHOM IT MAY CONCERN:

This will introduce Dan Rak of Northwest Dsign Company. Dan Rak did some great work for us. Dan Rak worked closely with us to design signs of high visibility and attractive appearance. Our signs were delivered on-time, as-quoted, and were highly effective in making our phone ring. Even better, the signs were very affordable and an excellent value. We paid for the entire order from the revenue that we earned from the very first job that came in. Because of our excellent results with his company, I will be doing repeat business with Dan Rak and Northwest Dsign Company.

It is without hesitation that I enthusiastically recommend Dan Rak and Northwest Dsign Company for your signs, banners, window and vehicle lettering, and other similar forms of visible advertising.

Sincerely
